Cuong is a highly self-motivated individual with high work ethics and standards. I have known Mr. Cuong since he was a student at The Art Institute of Indianapolis and, years later, I was happy to hire him as one of my instructors. He not only delivered quality classes, but inspired his students to succeed.

"Flexibility is the word that comes to mind when I think about Cuong. His positive attitude and willingness to learn new things make him an incredible team player. He was always willing to jump in and handle any task no matter how significant. And if he didn't know how to execute a given task, he took the time to figure out how to do it. It was a pleasure working with Cuong, and any organization looking to fulfill a multimedia role can find it in him."

Cuong is willing to dive head first into anything and everything. His thirst for knowledge is infectious and inspires those around him to learn more. He handled everything from animating our platform overview to editing web pages on our company website, learning new adaptable skills along the way. Simply put, Cuong Tran is a rockstar that would be an asset to any team needing help in all facets of digital media / marketing.
